**South** C-4H (Commercial/Historic)/ Commercial development  
**East:** C-4/sp (Commercial/special permit)/ Commercial development  
**West:** C-5 (Commercial)/ Governmental development

**THE PLAN FOR EL PASO DESIGNATION:** G-2 Traditional Neighborhood

### **APPLICATION DESCRIPTION**

This is a city-initiated application to vacate a portion of E. San Antonio Street between Campbell Street and Magoffin Avenue. The portion to be vacated measures approximately 17 feet wide by 196 feet length and includes encroachment of the new Federal Courthouse.

This proposed vacation along with the Magoffin Avenue vacation and the Myrtle Street vacation all about the new Federal Courthouse and are part of a supplemental lease agreement between the City and the Federal Government. In exchange for vacating the portions of ROW, the Federal Government is extending the City's lease for the Stanton Street Bridge toll facilities for 49 years.

The Magoffin Avenue vacation is running concurrently with this vacation and the Myrtle Street vacation was approved by the City Plan Commission on January 14, 2010. All three vacations will move forward together to City Council.

## **DEVELOPMENT COORDINATING COMMITTEE**

The Development Coordinating Committee recommends **approval** of the E. San Antonio Street Vacation subject to the following conditions and requirements:

- **The proposed vacation area shall be retained as a full-width utility easement.**

### **Planning Division Recommendation:**

Approval subject to the vacation area being retained as a full-width utility easement.

### **Engineering & Construction Management-Land Development:**

No objection.

### **Planning - Transportation:**

No objections.

### **El Paso Water Utilities:**

**1. The El Paso Water Utilities does not object to the proposed vacation as long as the proposed street vacation is dedicated as a full width utility easement.**

EPWU-PSB Comments

Water:

2. Within an existing triangular utility easement located between East San Antonio Avenue and Campbell Street there is an existing 12-inch diameter water main.

3. Along East San Antonio Avenue between Campbell Street and Magoffin Avenue there is an existing 12-inch diameter water main.

4. There is an existing fire hydrant # 2171 within the proposed street vacation approximately 74-ft east from the south west triangular utility easement property line.

5. Previous water pressure reading from fire hydrant # 2171, have yield a static pressure of 90 (psi) pounds per square inch, a residual pressure of 85 (psi) pounds per square inch and a discharge of 1453 (gpm) gallons per minute.

6. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

Sewer:

7. Within an existing triangular utility easement located between East San Antonio Avenue and Campbell Street there is an existing 8-inch diameter sanitary sewer main.

8. Along East San Antonio Avenue between Campbell Street and Magoffin Avenue there is an existing 8-inch diameter sanitary sewer main.

General:

9. All easements dedicated for public sanitary sewer facilities shall comply with the EPWU-PSB Easement Policy. The PSB easements shall be improved to allow the operation of EPWU maintenance vehicles. EPWU-PSB requires access to the proposed water, sanitary sewer facilities, appurtenances, and meters within the easement 24 hours a day, seven (7) days a week.

10. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in

advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

**Stormwater Division:**

East San Antonio Street Vacation – Street Vacation

1. EPWU records indicate existing storm water infrastructure within the proposed limits of the vacation. On Exhibit C, show all existing storm water structures. All public stormwater structures must remain within public rights-of-way.
